Il modernismo avvolgente dei dettagli anni '50 incontra l'artigianalità moderna, CIRCLE unisce la robustezza dell'ebanisteria industriale a dettagli eleganti e finiture esclusive, in una costruzione robusta e visivamente leggera al tempo stesso. Superfici personalizzabili nella collezione vetro di TUMIDEI (frontali e top).

The embracing modernism of 50's details meets modern craftsmanship, CIRCLE combines the robustness of industrial carpentry with elegant details and exclusive finishes, to create a sturdy and visually light construction at the same time. Surfaces can be customized with all the vetro TUMIDEI collection available finishes (front and top).

Tutti i modelli del sistema CIRCLE hanno profondità 46,2 cm
All CIRCLE system items are 46,2 cm deep

La struttura interna è in finitura nobilitato pelle antracite, mentre i frontali in finitura nobilitato, laccato, essenza, vetro laccato, specchiato e stampa digitale. I fianchi in finitura laccato e essenza. Al top può essere applicato il vetro laccato (opzionale). I cassetti hanno apertura push-pull con guide performanti. L'interno del cassetto è di default in finitura betulla, laccato su richiesta. I passacavi sono già inclusi nei moduli TV e aggiunti su richiesta dove non presenti.

The internal structure is in pelle antracite melamine finish, whereas all front parts can be in melamine, lacquered, wood, lacquered or mirrored glass finish and with digital print. Sides are in lacquered or wood finish. It is possible to add a lacquered glass (as an option). Drawers are with push-pull performante rails and with its inner parts in birch finish by default, in lacquered finish on demand. Cable routers are already included in the TV units and, if requested, they can be added if not provided by default.
